From the Senior Surgeon in Mysore
No. C2240-6 of 21.5.1925.

Reports on the action taken in regard to the opening of the five new dispensaries sanctioned under the M.I. scheme and recommends that as a building is available at Chandrakuthi in the Coorg district at a monthly rent of Rs 4, a dispensary may be ordered to be opened at that place instead of at Kalpode, & that a dispensary being sanctioned at that place next year after the buildings are completed.

Submitted. The additional sum required for the opening during the next year of 5 new dispensaries under the M.I. scheme has not been provided in the budget & it is therefore doubtful whether any new dispensary can be opened during the next year. Though the dispensary at Kalpode was sanctioned as early as in 1916 & ordered to be opened in 1923 it could not be opened for want of suitable building for locating the dispensary & the staff. When necessary buildings are under construction at Kalpode, it is a point for orders as to whether in the ~~provision~~ allotment or provision in the next year's budget ~~already made for the purpose~~ may be directed for another dispensary ~~to be opened~~ for which buildings can be constructed. The Branch had also to be consulted

4/ Subd. The opening of a dispensary at Anaiyade in the Talaimannar Pattu was first sanctioned in G.O. No 1412-5/Med 40-15-33 & 8/22 dt Aug 1916. It could not be opened for want of accommodation for the dispensary & the staff. An estimate for Rs 100/- each was sanctioned for the construction of 2 sheds for the Surgeon and the Mudaliyar in G.O. No 2316-8/San 129-16-4 & 22 Oct 1917. ~~The dispensary was for the time located in the out house attached to the P.W. No 1871 20/Med 41-18-29 & 14.2.1920) As the estimate for Rs 555 was considered too low, revised proposals were called for locating the dispensary in the out house of the P.W. Malnad Improvement Budget Estimates for 1925-26

Issues orders on the —— .

READ—

Government Order No. L. 2891-904—San. 28-24-1, dated the 1st October 1924, revising the Malnad Improvement Scheme and directing among other matters that 10 Dispensaries be established and 4 Lady Medical Officers appointed in the next two years.

2. Letters No. C 545-14, dated the 24th April 1925 and No. C. 545-16, dated the 29th April 1925, from the Senior Surgeon and Sanitary Commissioner in Mysore, forwarding consolidated statements showing the requirements during the year 1925-26 under Malnad Improvement.

ORDER NO. L. 1961-66—~~Mr.~~ San 10-24-42, DATED 11TH SEPTEMBER 1925.

Of the sum of Rs. 1,20,000 provided in the State Budget for Malnad Improvement, a sum of Rs. 51,940 is intended to meet the establishment charges as abstracted below and Rs. 6,624 for travelling allowances:—

	Rs.
Lady Medical Officers	8,640
Malnad Improvement Dispensaries, Midwives and provision for training	
Midwives	28,060
Vaccinators	4,932
Unani and Ayurvedic Vaidyasalas	2,984
Engineering Establishment	6,468
Economic Survey Staff	856
Total ...	51,940

2. Deducting the above charges, a sum of Rs. 61,436 would remain for being utilised for other commitments and improvement works in the three Malnad Districts.

3. Of the 10 New Dispensaries promised to be opened in the Malnad under the order of 1st October 1924, the opening of five dispensaries in the marginally noted places was sanctioned in Government Order No. L. 3448-56—Med. 144-22-45, dated the 6th November 1924.

1. Hulikere, Tirthahalli Taluk.
2. Sulegodu, Nagar Taluk.
3. Ulvi, Sorab Taluk.
4. Aralgodu, Sagar Taluk.
5. Gonibeed, Mudgere Taluk.

4. On the recommendation of the Senior Surgeon, 4 Dispensaries have been opened at the marginally noted places in modification of the above order. One more Dispensary has to be opened thereunder and Government consider it necessary that the remaining 5 Dispensaries promised should also be opened during the current year and that the whole arrangement kept on a temporary footing until further orders. The Senior Surgeon has recommended that the 6 Dispensaries in view may be opened in the marginally noted places. This will be sanctioned except in regard to Thagarti in lieu of which one may be opened at Belandur.

1. Hulikere (Devangi).
2. Sulegodu.
3. Bukkambudi.
4. Basarikatte.

1. Chandragutti, Sorab Taluk.
2. Thagarti, Shikarpur Taluk.
3. Gonibid, Mudgere Taluk.
4. Belagodu, Manjarabad Taluk.
5. Narve, Belur Taluk.
6. Aralgode, Sagar Taluk.

9

No. L. 1961-66—Mi. 10-24-42. DATED 11TH SEPTEMBER 1925.

5. The following is the scale of expenditure proposed for the five New Dispensaries:—

Non-recurring expenditure— Rs. 1,500 for each Dispensary. Rs. 7,500 for 5 Dispensaries.

RECURRING EXPENDITURE.

	Rs.
One Sub-Assistant Surgeon (average)	35
Charge Allowance to Sub-Assistant Surgeon	20
One Compounder (average)	15
One Midwife (average)	25
One Dispensary Attendant	11
One Waterman	8
Dieting charges	5
Bedding and clothing	5
Contingencies	5
Country medicines	8
Europe medicines	50
Total	225½ per month

As two months of the year have already elapsed and as the cost of Europe Medicines during the first year is included in the initial charges, provision need be made for the 5 new dispensaries only for 10 months at Rs. 175½ each per mensem recurring. The initial and recurring cost for these dispensaries will therefore amount to Rs. 16,275 for the current year.

6. In the budget, a provision of Rs. 8,640 has been made for 4 Lady Medical Officers at the rate of a pay of Rs. 180 per mensem each. As qualified Lady Doctors have all been started on a pay of Rs. 300 and as it is contemplated to secure lady doctors with high qualifications, Government consider that provision at the rate of Rs. 400 per mensem for each of these officers including local and house rent allowances is necessary. The appointments will however be temporary for the present. The cost at this rate for the whole year would be Rs. 19,200. But as only one appointment has now been made and one will be kept open till December next against the return of Mrs. Perriton, and as it will take some time before the remaining two appointments are made, it is found that only an extra provision of Rs. 6,000 need be made for the purpose this year. This is agreed to by the Senior Surgeon and will be sanctioned.

7. After meeting the expenditure under the heads referred to in the previous paras, a sum of Rs. 39,161 will remain for being distributed among the three districts to meet the demands in regard to their other commitments and for the improvement works and sanitation and water supply. A statement showing the distribution made under the several heads is appended to this order. It will be seen that the amount available for communications, sanitation and water supply is only about Rs. 15,000. Government however direct that the savings that may become available in the budget under other heads later on during the year be placed at the disposal of the Boards for being utilised for this purpose.

8. The Presidents of the District Boards are requested to submit definite proposals in regard to the improvement schemes for the sanction of Government and to take steps to carry out the works without allowing the grant to lapse.

In the statements received from the Districts, provision was required to be made for revision of the pay of the Vaccination Staff in certain cases and increase of contingent grant to Vaidyans in other cases; but no definite proposals had been submitted as required by the rules. The Sanitary Commissioner and the Presidents of District Boards concerned are therefore requested to submit definite proposals in the matter in the prescribed form in proper time before the consideration of the next year's budget.

GENL. & REV. SECTT. BR. L 12 MAY 1925 R. D. SECTION.

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
Local and Legislative Departments, Bangalore.

Sir,

Referring to Government Order No. L. 3448-56 Med. 144-23-45, dated 6th November 1924, sanctioning the opening of four dispensaries in the malnad parts of the Shimoga District and one in the Kadur District as noted in the margin, I have the honour to state that under the authority of Government Order No. L 4406-410/Med. 15-24-9, dated, 16th December 1924, a dispensary was opened at Bukkambudi instead of one at Gonibid in the Kadur District.

Shimoga District.
1. Hulikere,
2. Sulegodu,
3. Ulvi,
4. Aralgodu,
Kadur District.
1. Gonibid.

Again, on the suggestion of the Shimoga District Board that a dispensary at Ulvi was not so necessary as one at Chandragutti, and pending information regarding the availability of suitable accommodation for the dispensary and quarters for the staff at Chandragutti, the opening of a dispensary at Basarikatte in the Kadur District instead of one at Ulvi in the Shimoga District was sanctioned in Government Order No.L.7254-58 Med.15-24-28, dated 14th April 1925. Necessary equipment has been despatched and the actual opening of the dispensary will be effected early and duly reported to Government.

Similarly, on receipt of Government sanction for the temporary location of the Hulikere Dispensary at Devara

in a building offered by Mr. Ramanna Gowda (till a proper building is constructed), the stock of medicines, etc., has been despatched and this institution will also be soon opened and a report submitted to Government. As regards opening the dispensary at Sulegodu the Deputy Commissioner and President, District Board, Shimoga, has just intimated in his letter No. C. 367, dated 13th May 1925, that one Mr. Suri Venkataramaiya has agreed to let his building which could accommodate both the dispensary and its staff. As soon as the amount of rent fixed for the building is intimated by the President (about which he has been written to), sanction to the inclusion of the rent in the maintenance charges of the dispensary will be obtained and steps taken to open the institution.

It will thus be seen that out of the three dispensaries intended to be opened in the Shimoga District during the current year, those at Devangi and Sulegodu will be shortly opened. The dispensary at Aralgode, however, is not likely to be opened before the close of the official year for reasons reported in my letter No. G.C. 30-31, dated 5th February 1925, with reference to para 4 of Government Order No. I.C.4978-83, Ft. 190-24-2, dated 23rd January 1925, as the staff quarters are not likely to be ready by then.

In the meanwhile, the Deputy Commissioner reports in his letter No. C. 367 dated 16th April 1925(copy with enclosures enclosed) that buildings on a rent of Rs.4/- per mensem each, are available at Chandragutti for locating the dispensary and for quarters for the Sub Assistant Surgeon, Compounder and Midwife and requests that sanction of Government may be obtained for opening a dispensary at Chandrugutti. I therefore recommend that the opening of a dispensary at Chandragutti this year, on the scale of initial and recurring charges fixed in the Government Order of 6th November 1924 plus a house rent of Rs.16 per mensem, may kindly be sanction-

13

sanctioned instead of the one at Aralgode, which will be opened next year.

I have the honour to be,

Sir,

Your most obedient servant,

Senior Surgeon.
